Thank You!
Dean Andrew & StoreLife -
Great to be @ SL last week,
thank you for hosting us!
And continued, heart felt
thanks for your support.
Here's a quick update.
Love you guys!
Dave

THANK YOU for your continued generous support of Western Church Planting Alliance! WCPA is a church-planting partnership working with local churches and districts to *discover, develop, and deploy church planters*. I directly coordinate western planting efforts, and also coordinate other regions across the country. Here are a few examples of what is taking place:

Access Church - Menifee, CA

Access Church, a plant of the South Pacific District in Menifee, CA, officially launched public services in January 2017 and already has 180 people attending! Crosspoint Church of Temecula, CA sent Pastor Brian Wilson and a gifted team to start this new work. Way to go Access Church, and thanks to Crosspoint Church for being a Greenhouse that trains and sends leaders.

Regional Coordinator Gathering - ShoreLife Church

Our Regional Coordinators from around the country gathered in Huntington Beach, CA on February 6-8. Greenhouse Training, as well as assessment and planter training events are taking place all over the country and new churches are launching. We are very encouraged by what is happening. *Special thanks to ShoreLife Church, Huntington Beach CA for graciously hosting our meetings!*

Church Planting Sunday - February 26

Our first National Church-Planting Sunday happens on February 26, 2017. The CP Sunday church bulletin insert has been translated into many languages for churches throughout the country, to help churches in many cultures celebrate planting. Check out the image to the right, which is part of the insert for our Chinese churches in the United States. We are looking to translate all of our training materials into multiple languages, including Spanish, Chinese, Korean, and more.

Assessment, Coaching, Training, Support (A.C.T.S.)

Part of our work in and beyond the western region includes help in providing assessment, coaching, training, and support for church planters. Last November, Alliance Northwest assessed planters as well as ordination candidates, and WCPA participated. Congratulations to Alliance Northwest and the excellent work they are doing to advance church planting.

Greenhouse Training Throughout the Country

One of our goals is to establish a national network of Greenhouse Environments, which requires training in all regions of the country. In May I will travel to Atlanta, Georgia to work with Dr. Reggie Screen and church planting leaders from the Southeast region in order to launch Greenhouses in the Southeast United States.

RECENT TRAINING AND GATHERINGS

- Nov 7-10 Church Planter Assessment, Portland, OR
- Nov 11-12 Multi-Cultural Ministry Gathering, Colorado Springs, CO
- Nov 12-16 Interchange Conference with Alliance District Leadership, CS, CO
